

Alcohol-Free resources have been created to support local Hawke's Bay event managers (or anyone organising an event) to promote their event as alcohol-free or create alcohol free areas within events that involve alcohol.

We have a range of free resources and equipment for hire including tear-drop flags, market umbrellas and bean bag loungers that will assist event managers to identify and provide family-friendly areas within events. Find out more about **resources and merchandise** we have to help you.

These resources are available at no cost – first in, first served.

Please complete your details and equipment order and return to resources@hbdhb.govt.nz
